Prophecy

It is now the beginning of the 1984 Union Hill High School Alumni Banquet. The lights in the cafeteria are dimmed for the occasion and soft music is playing as the guests arrive. We are expecting to see many of our old classmates from the class of 1964. Just now coming through the doorway are two outstanding seniors of '64. They are Mr. and Mrs. Billy Abercrombie. Mrs. Abercrombie is the former Lottie Fann Clark. They are now residing in Philadelphia where he is a lawyer and she is a fashion director of Mason's Department Store. They have one small son, Billy Fann.

After we had chatted with them for a few minutes, we were joined by other members of our class. These including Jimmy Barnard, Wesley Henderson and Billy Cooper. Jimmy is a mechanic at the Morgan City Extension of Ford Motor Company. Wesley and Billy are devoted to farming and are both bachelors but report that they are "still looking for the right girl to come along."

Carlton Bowling, who is now playing all-star basketball for the St. Louis Hawks was not able to attend this occasion due to previous engagements with his team-mates.

The next of our classmates to enter the cafeteria are Mr. and Mrs. Wayne Howard and their four lovely children. Mrs. Howard is the former Latain McLemore. They both have permanent jobs as teachers in a high school in Tucson, Arizona. Latain is teaching Home Economics to a class of Americans while Wayne is teaching "Techniques of Farming" to a class of Mexicans.

Mr. and Mrs. Robert Thomas got the divorce so long sought, and she is without a husband tonight, but is accompanied by Mrs. Alece Durham, who is now an opera singer for the Metropolitan Opera Club of Union Hill. Her husbands life was taken by an unknown assassin in 1970.

Judy Walter is not able to attend the banquet tonight due to the fact that she is now a top Hollywood star and is presently in Hong Kong filming the movie, "Taking America to China". She is accompanied by her husband and two top secret men, Danny Bowling and Bobby Yancey. Both have worked with Secret Service since leaving high school.

Time seems to be passing very swiftly tonight. Everyone is feasting on the delicious food prepared by our lunchroom workers, Judy Birdsong and Ethel Grady. They both have been happily married for 21 years and have five darling children each.

As we are enjoying the food and thinking back over past years, our eyes catch a glimpse of Billy King and Jerry Bowling who are seated next to Bud Flack, at a table across the room. Billy is an outstanding electrical engineer at Cape Kennedy, Florida and Jerry is a chemist at Redstone Arsenal which has recently expanded to take in the city of Lacey's Spring. Jerry finally found his mate and married in 1975, but Billy is still searching for his true love. Bud is still single and lives on his farm at West Point, where just last year he was named worlds champion corn grower. I was told that he measured his corn by the gallon rather than by the bushel.

Finally, it is time for the speeches. First and foremost to make one is Mrs. Wayne Scott, the former Joyce Daugherty. They have been married 15 years and have six children.

After three more speeches, we are now listening to the final one which is being made by Bobby Hill. He has undoubtedly had much experience in last-minute preparation because he arrived just five minutes before the banquet began. He has been happily married for ten years and is now Chief Justice of the Supreme Court. He and his wife Miss America of 1972 have two sets of lovely twins.

The banquet is finally over and we find ourselves rushing to leave the cafeteria so we can make it to the airport to catch our plane to go back to Washington where we have been working in the Pentagon now for 18 years. We enjoyed our banquet and will cherish the memories of the few moments that we spent tonight with our classmates.
